

# Metafor Study, Hyderabad

## Study Highlights

- Investigator: Dr. Sridhar Kasturi
- This was a retrospective, single-center, observational, post-marketing study of Metafor sirolimus-eluting coronary stent (SES) in a “real-world” consecutive CAD patient
- The study showed favourable safety and performance of Metafor SES in real world scenario

## ❖ Study Design

A retrospective, single-center, observational, real-world study

A total of 251 patients were enrolled at one site in Hyderabad, India

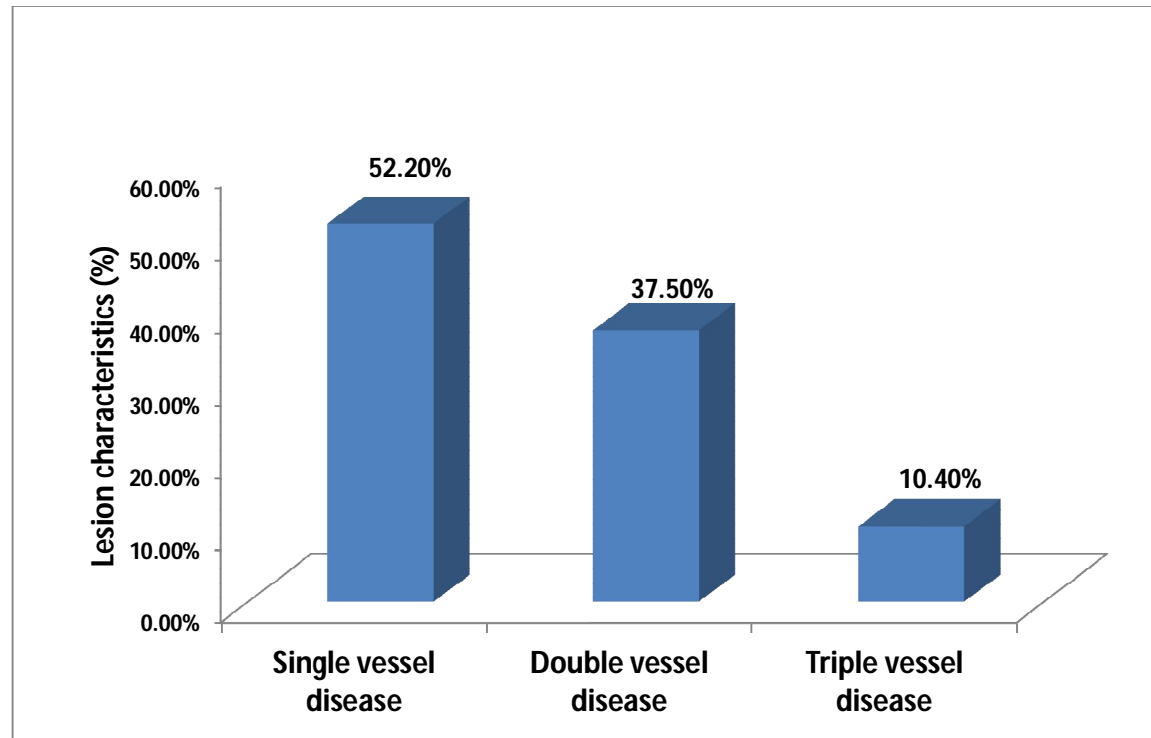

Clinical/telephonic follow-up at 6 and 12 months

❖ **Clinical Outcomes at Mean Follow-up of 12 months**

**Figure 1: Cardiac Status**

**Figure 2: Lesion Characteristics**
